

QUALITY POLITICS

In INMEPRE S.A. we understand by "QUALITY" the fulfillment of our clients' specifications at the minimum cost.

QUALITY is essential to guarantee our company's competitiveness and survival. Strategically we are interested in positioning ourselves in sectors and clients where precision and quality values prevail over any other consideration.

To fulfill this quality objective, the management commits itself to:

-  Lead and support the implementation of a quality system in accordance with the ISO 9001: 2015 requirements and guarantee the communication of this policy to the company's personnel for its application.
-  Participate in the definition of goals and indicators, follow-up, analyze deviations and / or potential improvements to promote continuous improvement.
-  Guarantee the necessary resources for the implementation and maintenance of the Quality Management System.
